distrDoc-package  distrDoc – Documentation for 'distr' Family of R Packages

Description

distrDoc provides documentation in form of a common vignette to packages distr, distrEx, distrSim, distrTEst, distrTeach, distrMod, and distrEllipse.

Details

Package: distrDoc
Version: 2.6
Date: 2016-04-23
Depends: R(>= 2.14.0)
Imports: distr(>= 2.2.0), distrEx(>= 2.2.0), distrSim(>= 2.2.0), distrTEst(>= 2.2.0), distrTeach(>= 2.2.0), RandVar(>= 0.7), distrMod(>= 2.2.0), MASS, methods, SweaveListingUtils, startupmsg
Suggests: Biobase
ByteCompile: yes
License: LGPL-3
URL: http://distr.r-forge.r-project.org/
SVNRevision: 1097

Acknowledgement

The idea to split off a common vignette for a set of packages in a particular documentation package is due to Seth Falcon.

Start-up-Banner

You may suppress the start-up banner/message completely by setting options("StartupBanner"="off") somewhere before loading this package by library or require in your R-code / R-session.

If option "StartupBanner" is not defined (default) or setting options("StartupBanner"=NULL) or options("StartupBanner"="complete") the complete start-up banner is displayed.

For any other value of option "StartupBanner" (i.e., not in c(NULL,"off","complete");) only the version information is displayed.

The same can be achieved by wrapping the library or require call into either suppressStartupMessages() or onlytypeStartupMessages(.,,atypes="version").
As for general packageStartupMessage's, you may also suppress all the start-up banner by wrapping the library or require call into suppressPackageStartupMessages() from startupmsg version 0.5 on.

Package versions

Note: The first two numbers of package versions do not necessarily reflect package-individual development, but rather are chosen for the distrXXX family as a whole in order to ease updating "depends" information.

Author(s)

Peter Ruckdeschel <peter.ruckdeschel@uni-oldenburg.de>,
Thomas Stabla <stathoS@web.de>,
Florian Camphausen <fcampi@gmx.de>,
Matthias Kohl <Matthias.Kohl@stamats.de>
